Education

BS Computer Science, *Superior University*　　　　　　　　　　　　　2019 – 2023
Lahore

F.Sc Pre Engineering, *Punjab College*　　　　　　　　　　　　　　2017 – 2019
Kasur

Matriculation, *Allama Iqbal High School*　　　　　　　　　　　　　2015 – 2017
Kasur

Professional Experience

Software Engineer Intern, *Intersoft*
Got an amazing experience while working on the latest frontend as well as backend technologies like PHP.

Projects

Animal foods and Agricultural Services, *Bootstrap, MySQL, Php*
Ecommerce side for Agricultural services and also we're adding features that'll assist farmers in getting services from doctor. There'll also be a disease diagnostic system for plants.

Restaurant Management System, *MySQL, Php*
I developed a website using PHP and MySQL as the backend technologies, and a pre-designed template for the frontend. The project involved implementing various features and functionalities, including database integration, user authentication, and data processing.

ATM Management System, *OOP*
This project involved creating a console-based application that allows bank customers to perform basic ATM transactions such as withdrawing, depositing, and checking their account balance. The ATM Management System was built using OOP concepts such as inheritance, encapsulation, and polymorphism.

Cafe Management System, *C++*
The project involved creating a console-based application that enables users to manage inventory, view and modify the menu, and place orders for customers. The Café Management System was built using object-oriented programming principles.

Skills

Bootstrap	● ● ● ○ ○	JavaScript	● ● ● ○ ○
Php	● ● ● ○ ○	MERN stack (Learning)	● ● ○ ○ ○

Courses

Full Stack Web Development, *Udemy*
